UNDERGRADUATE MINOR IN **ANALYTICS**

LEARN TO CREATE SOLUTIONS THROUGH DATA

In today's data-driven world, companies rely on professionals who can interpret complex data and use it to make informed decisions. Our Analytics Minor will equip you with the skills to analyze and visualize data, build predictive models, and communicate insights effectively. We offer a hands-on approach to learning, with opportunities to work on real-world projects and gain practical experience with the latest analytics tools and techniques. Whether you're interested in marketing, finance, healthcare, or any other industry, our Analytics Minor will prepare you for success in a wide range of roles. Join us and unlock your potential in the rapidly growing field of analytics.

Open to Business and non-Business students.

* OPIM/BADM 3104 Operations Management may not be used to meet the requirements of this minor.

POLICIES

Seek permission numbers at: undergrad.business.uconn.edu/forms

In addition to courses, be sure to plan for the minor requirements below:

- This minor is not open to Business Data Analytics or Analytics and Information Management majors.
- Students not majoring in Computer Science and Engineering must take OPIM 3204 in residence on the Storrs campus.
- Students must earn a C+ or better in each of four (4) minor courses.
- Students may earn only one minor in business disciplines. A student may earn a second minor if it is offered jointly by the School of Business and another School or College, and all coursework used to satisfy that second minor is from non-Business coursework. View the University Catalog for additional details.

RECOMMENDED COURSE SEQUENCE	BUSINESS MAJORS	NON-BUSINESS MAJORS
